# North Carolina PERINATAL ASSOCIATION

## **Perinatal Education**

The Association supports educational efforts to advance knowledge and health care practices of perinatal professionals in North Carolina.

## **Perinatal Advocacy**

The Association networks with other organizations to plan activities targeted to influence evolving legislation and health policies.

## **Perinatal Recognition:**

The Association presents "Baby Bootie" awards each year to individuals and teams who have furthered the mission of improving perinatal health in the state

*A Coalition for  
Promoting the Health  
of Mothers and Babies*

# Mission Statement

“Improving perinatal health for childbearing families throughout the state.”

The North Carolina Perinatal Association: “A Coalition of Healthy Mothers and Healthy Babies” was formed in 1985 as a non-profit organization. The purpose of this organization is to improve perinatal health for childbearing families throughout the state.

The North Carolina Perinatal Association provides leadership, education, and advocacy for healthy mothers and healthy infants. Through the use of state, regional, and local resources, and a multidisciplinary approach, the North Carolina Perinatal Association continues to promote the health and well being of families.

The areas of work for the association are advocacy and education. We are working to develop an effective advocacy effort with the legislature as well as to build coalitions with other organizations in order to engage in cooperative efforts geared towards improving perinatal health. Educational efforts focus on informing members, policy makers, and the public about issues related to healthy mothers and babies. Vital membership and leadership are essential to accomplish these goals.

## Strength in Numbers

The NC Perinatal Association is composed of nurses, physicians, social workers, nutritionists, administrators, other health professionals and consumers interested in working together to improve the health and well being of families.

Your individual membership will allow us to continue the work we began over 20 years ago.
